

SIS/CIR/2023-24/021

23rd March, 2024

Dear Parents,

As we approach the end of another academic year, I want to take a moment to express my heartfelt gratitude for your unwavering support and collaboration throughout these past months. Together, we have navigated challenges, celebrated achievements, and continued to prioritize the growth and success of our students. Reflecting on the past academic year, I am immensely proud of the dedication and resilience demonstrated by our students, teachers, and staff.

Looking ahead to the next academic year, I am excited to share some important updates with you.

In our continuous efforts to enhance the learning experience and meet the evolving needs of our students, we will be implementing several new initiatives and programs. While some of these initiatives will be fully funded by the school, I must also transparently communicate that there are a few enhancements that will require the support of parents. These investments are carefully chosen with your child's best interests at heart, aimed at providing them with enriched educational opportunities and resources. I understand that any additional financial commitment may raise concerns, and I want to assure you that we have taken this decision after thorough consideration and with the utmost care. Your child's educational journey is our top priority, and these investments are intended to further enrich their learning experience and foster their personal growth.

We are introducing/continuing with:

- 1. Ei Mindspark Platform (For Classes 5 -10) – borne by the school.**
- 2. Robotics by GetSetLearn (For Classes 3 -8) – Rs 2700 to be paid along with the 1st Quarter Fee**

Together, we will make the upcoming academic year a rewarding and transformative experience for our students.
